

NORTHERN LAND

DEVELOPMENT CONSULTANTS

Northern Land is a small consultancy and part of the Southern Land Group, comprising 40 staff in five locations. We are seeking an **Experienced Graduate** or **Licensed Cadastral Surveyor** to join our team in Auckland. Partnership is a possibility.

What do we offer?

- A friendly working environment with a small but growing team of professionals always willing to support each other and solve problems together.
- A centrally-located office in Epsom, close to public transport, shopping, and places to eat.
- The latest survey equipment including scanners, 12d/12d Synergy, Trimble Business Centre, Trimble GNSS/ Total Stations and modern 4WD vehicles.
- Fast track to licensing - our work covers the full spectrum of surveying, civil design and resource management planning.

What do we do?

We're big enough to be working on a range of exciting land developments, encompassing rural, urban and commercial projects, and small enough that you'll be a key part of the team from day one. We work on everything from golf courses, unit title developments, urban subdivisions, precise setting out and monitoring, to laser scanning of buildings.

What are we looking for?

You'll be an Otago graduate or Licensed Cadastral Surveyor with significant experience, good cadastral knowledge and strong field skills who enjoys mentoring younger team members and can manage your own projects. You will be familiar with 12d, AutoCAD and Landonline and have a keen attitude and excellent attention to detail. You must have New Zealand residency or a valid New Zealand work visa.

Interested? Call Sarah Allen on 027 552 8218 or send your CV and cover letter to sarah@southernland.co.nz.
