

**SOUTHERN
LAND**
DEVELOPMENT CONSULTANTS

GIVE YOUR CAREER A BOOST

Southern Land is a medium-sized consultancy with a head office in Wānaka and smaller offices in Queenstown, Auckland, Invercargill and Golden Bay. We are seeking a **Graduate Surveyor** or experienced **Survey Technician** to join our team in Queenstown.

Who are we?

We are planners, surveyors and civil engineers, but we're also skiers, snowboarders, motor bikers, cyclists, climbers, ultra-runners, car racers, dog (and occasionally cat) lovers, surfers, kayakers, trampers, campers, scone-eaters and coffee addicts. We're dedicated to giving our clients the best solutions and service, but we still make time to have fun and enjoy our beautiful surroundings.

What do we do?

We're big enough to be working on a range of exciting land developments and other unique projects, and small enough that you'll be a key part of the team from day one. We have a solid pipeline of work, covering everything from resource management planning to project management, cadastral surveying to civil design, precision set-out and monitoring to GIS. We operate the latest survey equipment, including a UAV.

What do we offer?

A permanent home in New Zealand's beautiful adventure playground, highly competitive pay rates, and a fun and friendly team that works closely together, sharing knowledge and supporting each other. And powder days.

What are we looking for?

You'll be a Graduate Surveyor or experienced Survey Technician with strong field skills and good cadastral knowledge. You'll be familiar with 12d, AutoCAD and Landonline and have a keen attitude and excellent attention to detail. You must have New Zealand residency or a valid New Zealand work visa.

Interested? Call AJ Harford-Brown on 03 441 4723 or send your CV and cover letter to aj@southernland.co.nz.
